## INDUSTRIAL WEAR

Tradesmen need something they can rely on, even when the building site is in utter chaos. We've got a range of comfy, easy maintenance cotton drill workwear made for any challenge. Long and short sleeve shirts, cargo and single pleat pants and shorts, overalls, jackets – even lighter weight cotton drill shirts with cooling vents. Everything a tradie needs to stay as cool as a crowbar.

## HIGH VISIBILITY WEAR

Does what is says on the label. Keeps you relatively safe from random wrecking balls and falling planks of old oak. Keeps you safe from the sun too with UFP50+ UV Protection. Our lighter weight cotton drill shirts with cooling vents also come in high-vis.

## CASUAL WEAR

It's important to look good on all occasions, from dealing with irate customers and working a warehouse floor, to meetings with your future mother-in-law. We've got chambray shirts, jeans, crew neck t-shirts and, of course, our classic ruggers cotton drill short. We make casual look good.

## GLOSSARY

### ULTRAVIOLET PROTECTION FACTOR (UPF)

Shows amount of solar UV protection, the higher the better, obviously.

### QUICK DRY

Draws moisture away from body, which is a good thing.

### HIGH VISIBILITY

Compliant to Aussie and Kiwi standards (D = Day Only, N = Night Only, D/N = Day and Night).

### IRON FREE

Little or no ironing for first twenty washes. Mum will be happy.

### COOL VENTS

Heat out, cool in.

### FLEXPANDABLE WAIST

Maximum comfort, minimal plumber's crack.

### WATERPROOF

Waterproof fabric keeps the water out.

**INDUSTRIAL**

# UPF

This UPF rating is for the fabric and does not address the amount of protection which is afforded by the design of the article. The manipulations involved in garment manufacture such as stretching and sewing may lower the UPF of the material. Articles which have been designed to cover the maximum area of the body are recommended. The protection offered by this item may be lessened: 1. At points where the fabric is in close contact with the skin such as across the shoulders. 2. If the fabric is stretched; 3. If the fabric is wet; and 4. With time, due to the effects of normal wear.

## WORKPLACE STANDARDS

- Quality Management System Requirements Compliant to AS/NZS ISO 9001

UVR PROTECTION CATEGORY	UPF RATINGS
Good Protection	15, 20
Very Good Protection	25, 30, 35
Excellent Protection	40, 45, 50, 50+

AS/NZS ISO 9001  
Certified

Davis Langdon Certification Services

- High visibility Australian Standard Compliant AS/NZS 4602.1:2011
- UPF Australian Standard AS/NZS 4399

# HIGH VISIBILITY GUIDE

Stubbies high visibility workwear meets or exceeds Australian and New Zealand Standards AS/NZS 4602.1:2011.

According to the Australian Standards, materials classified as high visibility for daytime use must be manufactured from a durable fabric of woven or knitted cotton or equivalent man-made fibre that contains a fluorescent pigment or other high visibility dye, or to which a fluorescent plastic coating has been applied. These materials are subjected to the

following tests and must meet or exceed specified minimum requirements for:

- Daylight colour and luminance factor
- Colour fastness to light
- Colour fastness to washing
- Colour fastness to perspiration
- Colour retention testing

In some cases, for safety reasons, a garment must be made from a natural fibre incapable of retaining a fluorescent colour. In these instances, the material

is tested for luminance for non-fluorescent materials. Alternatively, man-made fibres are generally capable of retaining a fluorescent colour and are therefore tested for luminance for fluorescent materials. The fabrics used in the manufacture of Stubbies high visibility workwear are tested and must meet or exceed specified minimum requirements for:

- Chromaticity
- Luminance for fluorescent materials
- Luminance for non-fluorescent materials

### IMPORTANT: LIMITATIONS OF USE.

Under no circumstances should Class D garments be worn for visibility purposes at night. Any markings, attachments, screen prints or other alterations, accessories or coverings not incorporated into the original product may not only void the garment compliance with the appropriate standard, they may also put the user at risk by reducing the high visibility performance of the garment. The high visibility properties offered by Stubbies high visibility may be lessened due to normal wear over time or if the fabric is stretched. Stubbies high visibility garments using natural fibres have been tested and comply to Australian Standards AS/NZS 4602.1:2011 in dry conditions. Wet conditions may alter the compliance of these fabrics to the standard and appropriate care should be taken.

# PB WORKWEAR ONLINE

**THE WORKWEAR GROUP OFFERS FLEXIBLE ELECTRONIC ORDERING SOLUTIONS FOR OUR CUSTOMERS. PB WORKWEAR ONLINE OFFERS YOU 24 HOUR ACCESS TO MANAGE YOUR PACIFIC BRANDS ACCOUNT. IT IS A QUICK AND SIMPLE WAY TO ORDER YOUR WORKWEAR ONLINE.**

Our e-trading solutions are security enabled, offer flexible payment methods, multiple language options, HR synchronization or uploads, track and trace, online returns and exchanges and online order amendment option.

For online ordering, simply request secure access to [www.pbworkwearonline.com.au](http://www.pbworkwearonline.com.au) via your Account Manager/Sales Representative.

## PLACING ORDERS

- 1 Log in to [www.pbworkwearonline.com.au](http://www.pbworkwearonline.com.au)
- 2 Browse products by selecting the Stubbies catalogue in the left hand column, or by entering the style name/product number in the "Product Search" field in the top left corner.
- 3 Select the product by clicking on the name or image of your choice.
- 4 Enter the quantity in the desired size/colour box.
- 5 Add the selected products to your shopping cart by clicking "Add to Cart" at the bottom right corner of the screen.
- 6 To add more products, repeat steps 1-5.
- 7 When you have finished filling your Shopping Cart, place the order with Stubbies by following 3 quick steps.
  - a Click on "Shopping Cart"
  - b Review your items and click on "Checkout"
  - c "Next" (your own order reference number can be added at this stage)
  - d "Place an Order" (an email will be sent to your registered email address as confirmation of your order)

For further assistance, please contact your Sales Representative or contact our Customer Service on 1800 658 791.
